Russian Language, History and Culture Summer School: White Nights in the Urals

Summer school in Perm

**Higher School of
Economics in Perm
invites you to learn
Russian language,
culture and history
and...**

In the heart of Russia

... to make an exciting journey to the heart of Russia, to the Ural Mountains, the border of Europe and Asia in the period of white nights

Language through culture and culture in language

The programme is designed for students of Russian from beginners to intermediate level. The course is ideal for professionals connected to Russia who wish to learn more about the language and country. Intensive language training is united with the unusual historical and cultural journeys.

Project based summer school

74 contact hours of Russian language, culture and history. You will have up to 4 hours of Russian language a day and a series of classes on Russian history and culture in active form.

Language classes are aimed to provide you with the necessary vocabulary, grammar and communicative formulas which you will master practically during city tours and longer journeys outside Perm.

Lectures on Russian history and culture will prepare you for understanding people, places and artefacts which you will be interacting with.

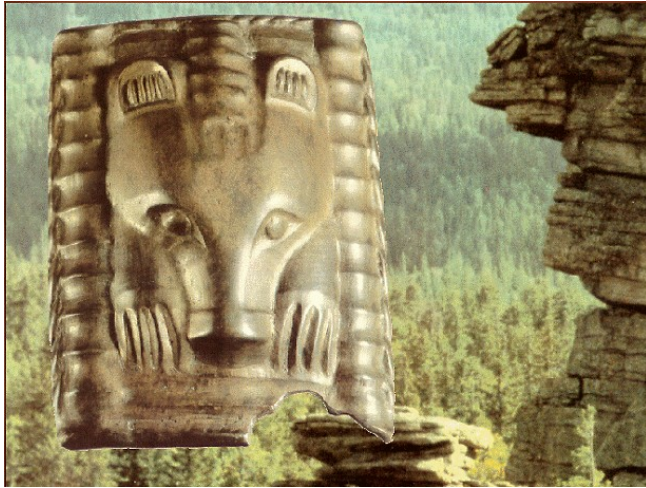

All this will culminate in presentations to share your Russian experience with your peer students and tutors at the end of the School.

Russian Language Speaking Club: creating the world with the living language

Instead of traditional language classes we offer interactive approach, modelling real life situations and role games that will boost your level of Russian, assist in overcoming language barrier and in perfecting communicative strategies. You will learn the nuances of Russian language etiquette and will be able to present your point of view on everything that excites, challenges and appeals to you

Russian Travel Club: a touch of a history

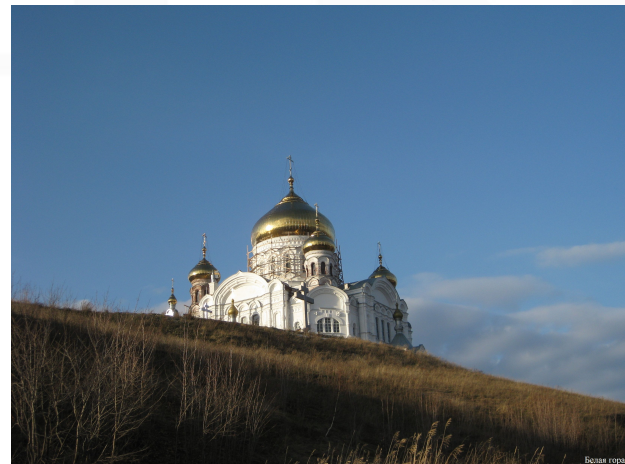

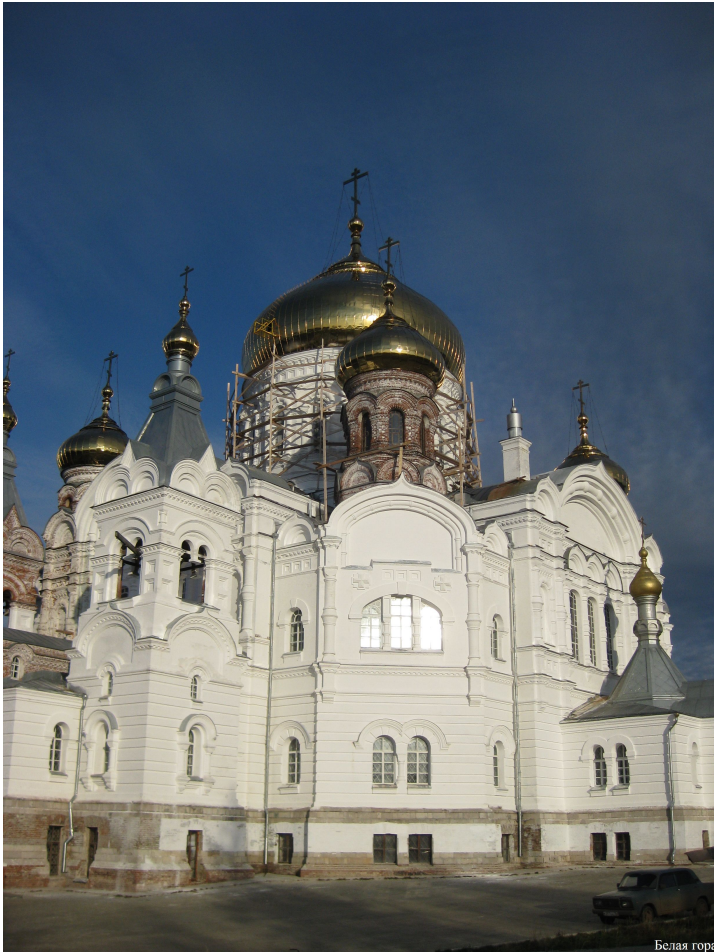

Fossils from Permian geologic period, Perm wooden sculpture, animal style wooden carvings, Perm opera and ballet are world famous. You can learn language, history and culture not only through lectures, but also by visiting places of interest all over Perm Region

Kungur Ice Cave

A most exciting journey will take you to the old merchant town of Kungur, where you will visit the world famous Kungur Ice Cave and will understand more about the life in the Russian province in the XVII-XIX centuries

The Whitehill monastery

Wooden architecture of Khohlovka: museum in action

Here you will see the brightest examples of Russian and Komi-Permyak buildings such as a salt complex, churches, agricultural complex, bell tower. Not only architecture but folk traditions can be studied and practiced

History coming alive

The unusual collections of wooden sculpture are exhibited in Perm Art Gallery and unique Permian animal style can be seen in the Historical Museum.
